As an FYI - attached is the briefing package provided to Carlton Waterhouse yesterday. Please note the draft itinerary. We have a site briefing planned for 8 am on Saturday, October 23, and I'll set-up a Teams meeting for folks to participate virtually. Big thanks to Wayne for taking point on the site tour!

Our headquarters reached out to congressional offices and the Mayor Breed's office to announce this visit. We also recently reached out to the Office of Community Investment and Infrastructure, Supervisor Walton, our state partners, and multiple community-based groups. Our itinerary includes small-group discussions, either virtual or one-on-one. We want to keep other virtual meetings with community members small and intimate. The Monday event with multiple community groups is just started to be planned (thank you, Jackie for your work on this).

Tomorrow and Friday, I'll be working with John on the site briefing presentation.

Subject: Draft itinerary and background materials for Pre-Meet for San Francisco/Hunter's Point Trip

Hi All- Here are the materials for our 5:30 PM EST/2:30 PM PST call to go over the draft itinerary for the visit to Region 9 and Hunters Point this weekend. We are still working on confirmations from several community groups but are looking forward to hearing folks' input on the itinerary. We will have a detailed site briefing prior to the site visit on Saturday and are currently finalizing event memos as we confirm the groups that can meet.

Thanks so much and talk soon.
Elizabeth
